INTRODUCTION

To the reader:

This volume of election results from the 1984 Primary and General Elections is one of a series of publications from the office of the Secretary of State, going back over many years, that give the official tallies for all statewide contests. Candidates, scholars, politicians and others interested in the conduct of elections in Vermont have found these books critically valuable in their efforts to understand the ever changing nature of the Vermont political environment.

This volume is based on the official returns of votes sent to the secretary of state by the various canvassing committees following each of the three major elections of 1984. In some cases our totals differ slightly from the totals in the state canvass reports prepared at the time of the elections, correcting discrepancies discovered as we prepared this publication.

This is also the first year we have completed the calculations and tables used in this volume by using our own computer, a goal which has taken its toll on the patience and good humor of many of us. We owe our thanks to many people, including Will Young, David Dion, Catherine Simpson, Jim Ponsetto, and Clark Bensen, Esq., for cutting the trail in the first place.

One comment on format is in order. When the word "scattering" appears, it describes votes for write-in candidates. If you are interested in more specifics on this subject, please contact us and we will be happy to supply it to you.

If you have comments on this volume, we would also be grateful to hear them from you.

Sincerely,

James H. Douglas
